

THE ADVANTAGES OF LOCALIZATION IN THE INDUSTRIAL SITES OF THE RYAZAN REGION

About 45 million potential consumers of goods live in the area of 500 km away from the industrial parks “Ryazansky” and “Dyagilevsky”

Legal clarity of the land lots

The opportunity of cooperation between the residents

Providing supportive measures for the residents within the regional investment legislation

The access to the private railroad branch “Branch-2” (for the residents of the Industrial Park “Ryazansky”)

There are more than 200 investment sites of “greenfield” and “brownfield” category in the Ryazan region.

You can get acquainted with their location and peculiarities on the Investment Site of the Ryazan region.
