INTERAGENCY PROJECT “PERSONNEL FOR INVESTORS”

The project has been confirmed to be an effective mechanism which helps to achieve two main aims for almost 3 years.

The first aim - provide the investors with assistance in searching personnel for a current term and a short-term prospect.

The second one – give the students an opportunity to realize the direction of their future career and professional growth while still studying.

In 2025 5000 personnel are demanded for the investment companies.

The Ryazan region takes the 6th place in the perspective Russian Federation regions rating where the wages offered are 77 727 rubles.

PARTICIPANTS OF THE PROJECT “PERSONNEL FOR INVESTORS”

The initiator and coordinator of the project is the Ryazan Ryazan region Development Corporation.

Nowadays 18 investment companies, which are implementing their projects in the region, have already joined the project.

The partners of the project are 28 secondary specialized educational institutions and 5 universities, all general educational establishments of the region, Advanced Professional Training Center, Employment Center of the Ryazan region, the regional office of «Russian Student Squads», the regional office of «The Movement of the First»

THE WAY THE PROJECT “PERSONNEL FOR INVESTORS” OPERATES

An individual **road map** is prepared for further searching of the necessary specialists in accordance with the demands of each investment company: the representatives of the investors are in touch with the specialized institutions, students visit the facilities with excursions, different variants of targeted education are being worked out, personal consultations are offered.

Current job offers of the investors are sent to the Career and Employment Center of the universities and secondary specialized educational institutions, youth organizations and are posted in a special section on the Investment Site of the Ryazan region: The students, who have graduated from Ryazan educational institutions as well as the students from other regions can apply for the jobs offered by the investors.

We are always open to discuss the needs of both employers and students and ready to provide support!
